Workshop Descriptions**

My Loved One Needs Placed Help Me!

Where do I begin? This session will take you through the steps of placement from Domiciliary Care Home to Personal Care Home to Nursing Facility. Receive helpful guides to exploring placement options.

Estate Recovery Facts and Fiction

Services paid by medical assistance whether in your home or a facility is subject to Estate Recovery. The Department of Public Welfare will explain the facts and fiction of Medical Assistance Estate Recovery.

PA Long-Term Care Partnership Policies

Act 40 has established a "Long-Term Care Partnership" which offers Pennsylvanians the opportunity to provide for their own needs while helping to conserve taxpayer resources. The Pennsylvania Insurance Department will explain the benefits of long-term care insurances.

Long Term Living at Home

Placement is not always the final option for care of a loved one. This session will explain the different in-home service options available through the York County Area Agency on Aging.

What is Adult Day Care?

Are you caring for a loved with a chronic life-altering illness and need a break? This session will show you how Adult Day Care can provide the caregiver with respite and the older adult with compassionate care away from home.
